

## First Announcement & Call for Contributions

# 16<sup>th</sup> Summer Safety & Reliability Seminar

## SSARS 2022

4<sup>th</sup> – 11<sup>th</sup> September 2022  
Ciechocinek, Poland

### Organisers

Gdynia Maritime University  
and Polish Safety  
and Reliability Association

### Secretariat

Gdynia Maritime University  
Department of Mathematics  
ul. Morska 81-87  
81-225 Gdynia, Poland

e-mail: [ssars@umg.edu.pl](mailto:ssars@umg.edu.pl)

### Website

<https://ssars.umg.edu.pl>

## Scope

The annual *Summer Safety and Reliability Seminars* are organised to advance the methods for the safety and reliability analysis of complex systems and processes and to disseminate the newest achievements in the field. The subjects of the Seminars, different from year to year, are chosen by the Seminars Board in an effort to dynamically represent the methodological advancements developed to meet the newly arising challenges in the field of safety and reliability. This year the emphasis is addressed to the following subjects: Safety and Security Management, Safety and Reliability of Complex Systems and Processes, Risk Assessment, Reduction and Accident Consequences Mitigation of Process Industry and Transport Critical Infrastructures, Cybersecurity, Warning Systems, Food Packaging Safety, Safety and Resilience Training.

## Language

The Seminar language is English.

## Contributions

Contributions are in the form of 20-minutes papers presented at Seminar Sessions and 40-minutes lectures presented at Plenary Sessions, with corresponding full text from 10 of up to 20 pages and training courses on selected safety and reliability topics in the form of theoretical background guides and power point files to be presented and prepared for commercialization at the post-Seminar 3 days Workshop on 8-11.09.2022. The authors are requested to submit their papers, lectures and training courses electronically to the Secretariat using the following e-mail address: [ssars@umg.edu.pl](mailto:ssars@umg.edu.pl) Only those contributions prepared according to the Contribution Templates available on <https://ssars.umg.edu.pl> will be considered.

The papers peer-reviewed and accepted by the Seminar Board will be the chapters of monograph entitled "Safety and Reliability of Systems and Processes, Summer Safety and Reliability Seminar 2022", with an ISBN-number (evaluated with 20 points per chapter according to regulations of the Polish Ministry of Science and Higher Education). Training courses will be prepared for international publication and sale.

## Registration & Fee

Participants are requested to fill in the Hotel Registration and Seminar and Workshop Fee Payment Form and submit it to the Secretariat by May 31, 2022. The SSARS 2022 Fee is 500 € (2300 PLN) and includes: Seminar participation, monograph, catering, accommodation and social events. Workshop cost is 300 € (1380 PLN). The SSARS 2022 and Workshop Fee will be reduced to 200 € (920 PLN) and 150 € (690 PLN) respectively in the case of the on-line participation.

## Deadlines

- Submission of Contributions March 31, 2022
- Acceptance of Contributions April 30, 2022
- Submission of Final Versions May 31, 2022
- Registration May 31, 2022
- Payment of Fees May 31, 2022
- SSARS Meeting September 4-8, 2022
- Workshop September 8-11, 2022

## Seminar Board

### General Chair

Prof. Krzysztof Kołowrocki

### Executive Chairs

Dr. hab. Magdalena Bogalecka, prof GMU  
Dr. Ewa Dąbrowska  
MSc Beata Magryta-Mut

### Technical Team

MSc Oliwia Cichocka  
MSc Maciej Dąbrowski

## Location

SSARS 2022 will be held in Ciechocinek, the health resort located in central Poland.

### Venue:

„Pod Tężniami” Hotel Conference & Spa  
Warzelniana 7 Street,  
87-720 Ciechocinek, Poland  
<https://www.podtezniami.pl/en/contact/>  
e-mail: [rezerwacja@podtezniami.pl](mailto:rezerwacja@podtezniami.pl)

The hotel arranges transportation from and to airports in Poland.

## SSARS Short Preliminary Programme

<b>Sunday, 4.09.2022</b>	<ul style="list-style-type: none"> <li>• <i>Participants' Arrival</i> ("Pod Tężniami" Hotel)</li> <li>• <i>Participants' Registration</i></li> </ul>
<b>Monday, 5.09.2022</b>	<ul style="list-style-type: none"> <li>• <i>Opening Ceremony</i></li> <li>• <i>Plenary Session 1</i> <i>Global safety and security management system</i></li> <li>• <i>Seminar Session 1</i> <i>General approach to critical infrastructure safety analysis</i></li> <li>• <i>Seminar Session 2</i> <i>Safety of ageing critical infrastructure without outside impacts</i></li> </ul>
<b>Tuesday, 6.09.2022</b>	<ul style="list-style-type: none"> <li>• <i>Plenary Session 2</i></li> <li>• <i>Seminar Session 3</i> <i>Safety of ageing critical infrastructure impacted by hazards and threats</i></li> <li>• <i>Plenary Session 3</i></li> <li>• <i>Seminar Session 4</i> <i>Safety optimization of ageing critical infrastructure</i></li> </ul>
<b>Wednesday, 7.09.2022</b>	<ul style="list-style-type: none"> <li>• <i>Plenary Session 4</i></li> <li>• <i>Seminar Session 5</i> <i>Operation cost optimization of critical infrastructure</i></li> <li>• <i>Plenary Session 5</i></li> <li>• <i>Seminar Session 6</i> <i>Critical infrastructure accident consequences modelling, identification, prediction, optimization and mitigation</i></li> </ul>
<b>Thursday, 8.09.2022</b>	<ul style="list-style-type: none"> <li>• <i>Seminar Session 7</i> <i>European Union global critical infrastructure safety management system</i></li> <li>• <i>Discussion on the subject and organization of SSARS 2023</i></li> <li>• <i>SSARS Closing Ceremony</i></li> </ul>

## Post-SSARS Workshop Short Preliminary Programme

<b>Thursday, 8.09.2022</b>	<ul style="list-style-type: none"> <li>• <i>Training Course 1</i> <i>Stochastic modelling of the failure probability of degrading critical infrastructure</i></li> <li>• <i>Training Course 2</i> <i>Optimization and parameter estimation of the maintenance strategy of critical infrastructure</i></li> </ul>
<b>Friday, 9.09.2022</b>	<ul style="list-style-type: none"> <li>• <i>Training Course 3</i> <i>Algebra logic based methods in reliability analysis and risk assessment</i></li> <li>• <i>Training Course 4</i> <i>Importance analysis of system</i></li> <li>• <i>Training Course 5</i> <i>Power system reliability and safety with consideration of renewable energy sources replacing thermal power plants</i></li> <li>• <i>Training Course 6</i> <i>Modelling safety of critical infrastructure impacted by its operation process</i></li> </ul>
<b>Saturday, 10.09.2022</b>	<ul style="list-style-type: none"> <li>• <i>Training Course 7</i> <i>Identifying unknown parameters of safety model of critical infrastructure impacted by its operation process</i></li> <li>• <i>Training Course 8</i> <i>Predicting safety and resilience indicators of critical infrastructure impacted by its operation process</i></li> <li>• <i>Polish Safety and Reliability Association Management Board Meeting</i></li> </ul>
<b>Sunday, 11.09.2022</b>	<ul style="list-style-type: none"> <li>• <i>Post-SSARS Workshop Closing Ceremony</i></li> </ul>
